

Join us for the fall semester of life-saving classes, based on instructions inspired by God, based on the blockbuster best selling book - **the Bible**. We look forward to the continued participation from those who have been attending so far this year, and invite those who were unable to make it before, to join us in the continuing journey for knowledge, wisdom, and love. We are excited to not only continue some of the existing classes but to offer some new ones as well. If you have any questions or need additional information, please feel free to contact the church office.
